

Annual Symposium: 15th December 2020

Symposium Programme: Morning (10:00 – 12:40)

<i>Session</i>	<i>Duration</i>	<i>Event</i>
Session 1 10:00-10:30	10 min	Welcome talk Dr Betsy Pownall (Deputy DTP Director, University of York)
	10 min	Research talk (8 min + 2 min Q&A) Hayley Pearson Identifying the TMEM16A/ANO1 Calcium Activated Chloride Channel as a Novel Target for the Treatment of Human Respiratory Syncytial Virus Infection
	10 min	Research talk (8 min + 2 min Q&A) Emily Guest The effects of leys and earthworms on rebuilding soil structure and soil carbon sequestration
Interval 10:30-10:40		
Session 2 10:40-11:10	10 min	Research talk (8 min + 2 min Q&A) Grace Dobbs An exploitable weakness during entry to quiescence?
	10 min	Research talk (8 min + 2 min Q&A) Jessica Dobson The Midas touch: genetically engineered plants as a factory for nanoparticle synthesis
	10 min	PIPS talk (8 min + 2 min Q&A) Shauni McGregor Working with Sense about Science
Poster session 11:10-11:30 Please visit our symposium Slack group to view posters and interact with poster presenters.		
Session 3 11:30-12:00	10 min	Research talk (8 min + 2 min Q&A) Anzar Asad Identification of Mevastatin, as a Potential Novel Agonist of the Adgrg6 Signalling Pathway
	10 min	Research talk (8 min + 2 min Q&A) Holly Morgan Investigating Enzymatic Methods for Preparation of Protein Conjugates
	10 min	Pre-recorded flash talks <ul style="list-style-type: none"> ● Ivaylo Dimitrov Yonchev ● Alex Bruce ● Ana Jones ● Bethan Cole ● Sophie Meredith
Interval 12:00-12:10		
Session 4 12:10-12:40	10 min	PIPS talk (8 min + 2 min Q&A) Dani Pierce My PIPS Placement At The MRC Research Unit in The Gambia.
	20 min	Mental Health and Wellbeing in Research Dr Sarah Masefield (University of York)
Lunch 12:40-14:00		

Annual Symposium: 15th December 2020

Symposium Programme: Afternoon (14:00 – 16:40)

Session	Duration	Event
Lunch 12:40-14:00		
Session 5 14:00-14:40	10 min	Research talk (8 min + 2 min Q&A) Ben Stevenson The Role of β -Dystroglycan in the mechanics of myoblast nuclei
	10 min	Research talk (8 min + 2 min Q&A) Lorna Malone Cryo-EM structure of the spinach cytochrome b6 f complex at 3.6 Å resolution
	10 min	Pre-recorded flash talks <ul style="list-style-type: none"> ● Stella Christou ● Sarah Tindall ● Rachael Cooper ● Jumana Akhtar ● Alice Thomas
	10 min	Research talk (8 min + 2 min Q&A) Ioannis Tsagakis Characterising the evolution of long non-coding RNA and protein partner complexes across placental mammals with divergent early pregnancy morphologies
Poster session 14:40-15:00		
Please visit our symposium Slack group to view posters and interact with poster presenters.		
Session 6 15:00-15:30	10 min	Research talk (8 min + 2 min Q&A) Rhianna Rowland Insights into Lysosomal Storage Disorders: Characterisation of Carbohydrate Active Enzymes
	10 min	Pre-recorded flash talks <ul style="list-style-type: none"> ● Hannah Spencer ● Laurence de Lussy-Kubisa ● Sarah Stevenson ● Maia Harvey ● Rachel Taylor
	10 min	PIPS Talk Amy Tooke From the Lab to the Galleries: My Great North Museum: Hancock PIPS
Interval 15:30-15:40		
Session 7 15:40-16:40	45 min	Keynote speaker Dr Steve Scott (Public Engagement Lead at UKRI) Into the light – a life after a PhD
	15 min	Prize giving and closing remarks Prof Alan Berry (DTP Director, University of Leeds)
End
